- 9:45 pm | Performance ends

JAY LENO

Acclaimed TV late night show host, admired stand-up comedian, best-selling children's book author, much-in-demand corporate speaker, TV and movie voice-over artist, pioneering car builder and mechanic, and philanthropist...Jay Leno is widely characterized as "the hardest working man in show business."

Jay Leno's late night television ratings domination included two decades as the host of the #1-rated "The Tonight Show with Jay Leno" -after the first two years Jay Leno never lost a single ratings year in which he served as host.

Leno currently produces and is host of the CNBC primetime series JAY LENO'S GARAGE now in its seventh season. The new season premieres Wednesday, September 7 at 10pm ET/PT on CNBC (Wednesdays at 10pm ET/PT). "Jay Leno's Garage" explores the world of cars, never forgetting that it's the people behind the wheel who provide the real stories. The series debuted in October 2015 and delivered CNBC's most-watched first season in network history.

The show is an outgrowth of JAY LENOS GARAGE YOUTUBE CHANNEL which Leno produces and has an international following on the Web and has garnered several Emmy Awards and nominations for Outstanding Special Class-Short-Format Nonfiction Programs.

SCAN HERE

His new product line JAY LENO'S GARAGE ADVANCED VEHICLE CARE launched in December of 2016 and has been well received by the Automotive Industry worldwide.

Jay Leno is currently hosting "YOU BET YOUR LIFE" and completed the second season returning in syndication in Fall 2022. This comedy game show is co-hosted by Jay's longtime Tonight Show bandleader Kevin Eubanks and features strangers teaming up to answer a series of trivia questions with the goal of winning thousands of dollars.

When he's not on TV, Leno performs more than 100 stand-up shows annually across the country and internationally; participates in numerous charity and corporate events, does voice-overs for animated series, pens children's books, and writes a monthly column in various automotive magazines. And in his "spare" time (as if he has any), he enjoys working on his collection of classic cars and motorcycles. In fact, he has built a number of cars, including an acclaimed eco-car in his eco-friendly green garage.

Leno is the recipient of many honors, including Emmy, People's Choice, and TV Guide awards, Harris Poll selection as most popular star on television, the Hasty Pudding Award at Harvard University, The Mark Twain Prize, recipient of the Patriot Award given by the Congressional Medal of Honor Society, a star on Hollywood's Walk of Fame, and being the first person to drive the pace car of all major NASCAR events.

He and his wife Mavis, an ardent human rights activist, live in Los Angeles.

BIG NIGHT 2024 HONOREES: THAD S SIEMASKO AND SV DESIGN

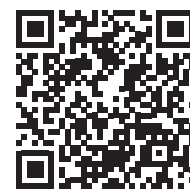

Architecture and interior design firm, SV Design, and its Principal and Founder, Thaddeus S Siemasko, will be recognized at Big Night 2024 for their extraordinary contributions to the renovation and design of the historic Cabot Theater.

The Cabot was saved from an unknown future in 2014 by its founders Henry Bertolon, Bill Howard, Rich Marino, Thad Siemasko, and Paul Van Ness. At that time, the building needed major structural and aesthetic upgrades. Thad and others at SV Design got right to work with their trademark commitment to creating exceptional designs with attention to timeless and functional style.

The Cabot's amazing transformation over the past nine years is a result of countless hours and donated services from Thad and his team, most notably - Architect and Associate, Stefano Basso in conjunction with Windover Construction and general contractor, Sandra Cook, of Tiro Design.

Thad's humor and passion have been evident every step of the way as The Cabot has embarked on a multi-year, multi-million-dollar renovation to not only restore parts of the theater to its original 1920s grandeur, but to upgrade and modernize all current systems to better enhance the live experience. This has included replacement of all theater seating, opera box restoration, new sound and stage lighting systems, new heating and air conditioning, the completion of the lobby renovation and restoration of the original rose window, and most recently, the installation of an elevator and other accessibility improvements.

Thad is an architect extraordinaire, a devoted husband, father, and grandfather, an enthusiastic cyclist, an animated basketball player, and a Beverly resident who plays an active role in the North Shore community. He has positively impacted our region by serving on local boards, including The Cabot's Board of Directors, and formerly as President of the Rotary Club.
