The incomparable Lake Street Dive

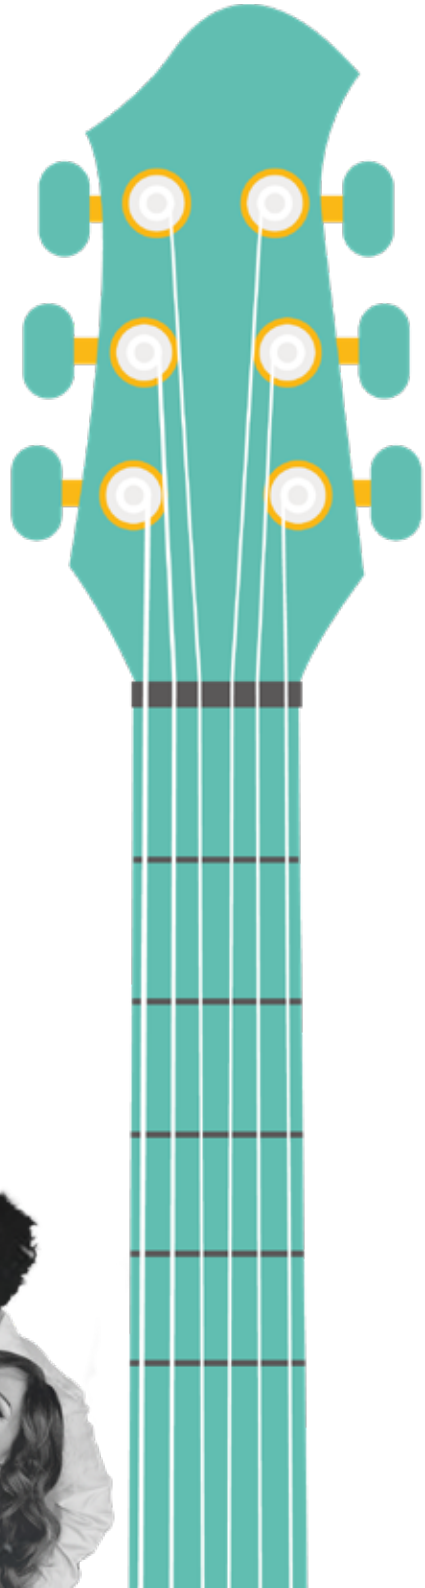

2025 Grammy nominee Lake Street Dive have pushed the possibilities of pop music as a unifying force, not only through their eclectic sound—a boldly original cross-pollination of soul, folk, jazz, classic pop, and more—the five-piece's all-embracing ethos has also made them a beloved live band known for building a potent connection among every crowd.

In the making of their new album *Good Together*, vocalist Rachael Price, bassist/background vocalist Bridget Kearney, drummer/background vocalist Mike Calabrese, keyboardist/vocalist Akie Bermiss, and guitarist/background vocalist James Cornelison reinforced the deep sense of purpose behind their output.

"There's a lot to be angry about in the world right now, a lot of pain and rage and divisiveness, but it isn't sustainable to constantly live in that anger—you need something else to keep you going," says Calabrese. "In a way this album is our way of saying, 'Take your joy very seriously."

"At this point our tastes in music differ more than they ever have, but we're still able to bring all those influences together with a real love and respect for the diversity within the band," says Price. "I think the main thing that's kept us going over the years is that very strong foundation of friendship—everyone has a voice, everyone gets heard, and we're all really careful about looking out for each other's happiness."

Welcome from our new Executive Director

Dear Friends,

From the moment I stepped into this historic theater, I felt the magic that so many in this community have cherished for generations. The Cabot is more than just a venue—it's a cultural cornerstone, a gathering place, and a beacon for the arts on the North Shore.

I'm grateful to join an organization with such a strong foundation, thanks to the dedication of our board, past leadership, our devoted supporters, and the vibrant artists who bring this stage to life.

Tonight, we celebrate the exciting future of this remarkable institution. Major renovations will soon be underway to enhance the experience for everyone who walks through our doors—patrons and artists alike. From a stunning new façade to the creation of the Stageside Lounge, upgraded dressing rooms, and a welcoming green room, these improvements will ensure that The Cabot remains a world-class destination. When we invest in our spaces, we elevate every performance and every visit, making The Cabot an even more special place to gather, be inspired, and enjoy unforgettable entertainment.

Thank you for being part of The Cabot's Big Night. The best is yet to come!

With gratitude,

Brian Ridolfo
Executive Director

TONIGHT'S HONOREE

HENRY BERTOLON

As one of our 5 Founders, The Cabot quite literally would not be here without the insight, generosity, and dedication of Henry Bertolon.

Donna and Henry Bertolon settled in Beverly in 1992; Henry graduated from Salem State University and Donna graduated from North Shore Community College and Northeastern University.

Henry began his career at RadioShack before starting a computer chip brokerage business, NECX, from a kitchen table. This state-of-the-art business employed 250 traders all over the world. Soon, the team also developed the first fully automated e-commerce system that became the nation's largest Internet reseller of computer products—solidifying Henry as an e-commerce pioneer. Henry sold both businesses before the Internet crash of 2001. At this time he and Donna began their philanthropy in earnest, to the benefit of many organizations right here on the North Shore.

The Cabot has always been a special project for Henry. As Donna recounts, "From the moment he and the other four founders decided to save The Cabot, it has been his 'baby.' I haven't seen him so passionate about a project since he started his own business nearly 45 years ago."

Henry has been deeply engaged in every step of the renovation; he knows if The Cabot flourishes, North Shore communities will flourish. He has served on The Cabot Board of Directors, the Facilities Committee, and the Executive Committee, and has shepherded The Cabot through incredible growth and artistic excellence since 2013 when he bought the building. His dedication and enthusiasm for The Cabot, and its future possibilities, remain unwavering.

Salem STATE UNIVERSITY

NORTH SHORE COMMUNITY COLLEGE

CareDimensions

Henry and Donna are active philanthropists who have made a major impact on many important North Shore institutions including Salem State University, North Shore Community College, and Care Dimensions—in addition to The Cabot!

Thank you, Henry, for helping to create the exciting first 10 years of The Cabot's history as a vital nonprofit in our community. Here's to many more years with you guiding the way!

Summer renovations

After years of planning we are on the cusp of completing the restoration envisioned by our 5 Founders.

Honoring our history by restoring the entrance

By returning to a vertical sign like the original, our community will have an icon that echoes a sight enjoyed by our grandparents—whether here in Beverly or one of the 20,000 downtowns in America that had a movie palace around the turn of the 20th century.

We will...

- Reveal the half rose window currently hidden behind the marquee.
- Restore the original filigree details and remove non-original materials that are contributing to deterioration.
- Install a 'blade' vertical sign, in the style of the original.

Inviting world-class artists with new green rooms

Built with movies and vaudeville in mind, the theater has never had traditional greenrooms! In the competitive live music business, offering amenities that comfortably accommodate acts of all sizes is a key part of attracting high caliber artists.

We will...

- Install 2 showers including 1 wheelchair accessible.
- Create a modular set of greenrooms that can morph from a large open space to separate private spaces as requested by artists.

Creating more gathering space and showcasing who we truly are with a facade refresh

These renovations will create yet another gathering space (the Stageside Lounge) and an additional entrance. A new overhang will protect patrons from the weather while waiting to enter and be the base for a new sculptural element—mesh sails to honor our coastal identity.

We will...

- Unify the facade of the building.
- Create a new lounge and entrance.
- Sculptural mesh sails will move in the wind with colored, adjustable lights.
- Serve as a highly visible gateway at the start of Beverly's Cultural District.

New heights in sustainability

We'll improve sustainability to reduce our energy-usage, ensuring we can responsibly last another century.

Reducing energy and water usage:

- Single-pane windows will be replaced with double-pane energy-efficient glass.
- All plumbing fixtures, donated by Designer Bath and Salem Plumbing Supply, will be low flow models that are energy and water efficient.
- All lighting fixtures will be efficient LED fixtures.

Addressing climate impacts:

- HVAC systems will be switched over from gas-fired heat to electric heat pumps.
- New white thermoplastic polyolefin (TPO) roofing will reduce the urban heat island effect and result in less energy needed for air conditioning.
- The infrastructure for solar panels will be closely evaluated in hopes of developing a solar plan for the future.
- Continuous exterior insulation will be added to the roof and overflow drains, and roof drainage will be replumbed to capture roof-collected rainwater for redirection to city storm sewers.

THE CABOT GOES GREEN

This year we received the distinction of the inaugural Going Green Innovator award from the Greater Beverly Chamber of Commerce.

Many efforts since 2019 led to this honor:

- ☑ We eliminated plastic water bottles—now serving all beverages in compostable cups, including filtered waters.
- ☑ Popcorn bags are compostable too! Our compost is picked up weekly by Black Earth Compost.
- ☑ We fixed all leaky faucets.
- ☑ Eliminated toxic cleaning products.
- ☑ Switched to LED lighting, and after this summer, our exterior sign will also be LED.

PROVIDING STYLE, COMFORT & SERVICE SINCE 1975

"**As a longtime Beverly resident** and the owner of Mark Adrian Shoes, I am incredibly proud to support The Cabot Theater.

The Cabot brings so much joy and culture to our community through music and the arts, curating a lineup of world-class musicians and performers while always putting patrons first.

At Mark Adrian Shoes, we share the same dedication to enriching lives—one step at a time. We curate the best selection of footwear, while focusing on exceptional customer service, personal interaction, comfort, and style. Just as The Cabot puts its guests first, we prioritize our customers in everything we do.

Visit us in downtown Gloucester and experience the difference that heartfelt service can make. Plus, we can fit you with the perfect shoes to dance the night away!"

Why do I support the Cabot Theater?

Because it is a cherished landmark in our community. This historic venue enriches our cultural landscape with incredible performances and fosters connections among local businesses. As a proud advocate for our North Shore community and a real estate agent with J Barrett & Company, I believe in the power of collaboration. Together, we can ensure the Cabot Theater continues to thrive for future generations.

The Cabot is a true gift to our community-bringing people together through the arts and shared experiences. Keep inspiring!
